### Overview of things Jesus said in the sermon:

- That how we treat one another is incredibly important - so much so that anger isn't just a short fuse or a bad reaction, but it can be equivalent to murder whether it's the actual physical act or when we treat people with disdain or even just dismiss them. Ch 5:21-26
- That lust isn't just a secret act, but it is an abuse and misuse in the fantasy of our mind of people made in the image of God. Ch 5:27-30
- That only applying the letter of the law and missing its intent is more times than not forcing someone into indecent and unholy relationships. Ch 5:31-32
- That using spirituality to convince other people to get what we want is really manipulation and misusing God's good gifts. Ch 5:33-37
- That we should stand against injustice while still being kind and generous. Ch 5:38-48
- That worship should be humble, personal, intimate and practical - through praying to God as our Good Father, seeking His desires, asking forgiveness and asking His help to avoid temptation. Ch 6:1-16
- That wealth here on earth is of little comparison to God and what he values. Ch 6:19-24
- That if we depend on Him, he'll take care of us. Ch 6:25-34
- That we aren't good judges, and usually need to evaluate ourselves instead of others. Ch 7:1-6
- That it's always a good idea to treat others how we want to be treated! Ch 7:12
- That we should be careful of who and what we listen to. Ch 7:15-23
